ABOUT US

"D" for DELTA

Delta Sports is a well-known custom apparel and sports goods manufacturer operating out of Sialkot, Pakistan. Delta Sports is engaged in innovation, manufacturing and providing end-to-end apparel and Sports Goods solutions to our business partners around the globe. Delta Sports employs a very skilled workforce in its facilities that are located around Sialkot. The fully vertically integrated facilities help to give the organization the infrastructure, knowledge, logistics and speed to meet the shortest possible lead times that are the need of the present day customer. Delta Sports reputation for ethical and sustainable business practices is acknowledged and respected by its customers, employees and the community at large.

MANAGEMENT PHILOSOPHY

Vision

To become a leading global company distinguished by its passion for excellence.

MISSION

Drive excellence through:
Innovation and sustainable growth.
Development of talent and partnerships.
Commitment to the community and environment.

VALUES

Honesty and Integrity.
Compassion and Humility.
Value for Customer.
Accountability and ownership.
Learning and development.
Teamwork.

CAPABILITIES:

Equipped with state of the art technology, world class knowledge and over two decades of experience, Delta Sports produces the finest quality custom sports wears, boxing equipments, MMA and all types of Gloves. We have the capability of manufacturing various varieties of knitted fabrics such as single jersey, pique, ribs, interlock, thermals, fleece and plaited fabrics amongst others. These fabrics in cotton, blends, and synthetics can then be dyed and finished with the latest performance features like water repellent, low shrinkage, silk wash, moisture management etc. To consolidate our position as an sports industry leader, we are committed to the continuous improvement and development of our people, products, technology and processes.

RESEARCH AND DEVELOPMENT

We have dedicated resources in terms of human capital and equipment which work with our customers in developing products that help increase their sales, reduce costs and at the same time be greener. Our highly qualified and experienced technicians work with the latest equipment to ensure international performance, safety and environmental standards are strictly adhered to in our manufacturing apparel and sports goods we currently exporting to well known brands around the globe.

VALUE ADDITION

Delta Sports has world-class printing, embroidery, washing and garment dyeing facilities.

PRODUCT CREATION CENTER

Our designers and technicians work with our customers design and development teams to assist them in developing products in the shortest possible time and at the most efficient cost while meeting their quality and styling needs. Besides working on product design and structure, this team also conducts process engineering to improve output and reduce costs. At Delta Sports we thrive to utilize Information & Communication Technology to the maximum limits with the objective of being transparent in processes and putting in management controls to enhance delivery visibility, maximize quality and improve efficiency at all levels.

SUSTAINABILITY:

As a leading manufacturers of sports wears and sports goods, we understand and appreciate the responsibility we carry towards the environment and to our community. Being compliant is an integral part of Delta culture and this is demonstrated in our commitment to conduct business in a responsible and ethical manner. Delta is committed to be a responsible and honest corporate citizen, while playing a leadership role for the development of our society. Our passion and zeal towards this goal is reflected through our actions when dealing with our customers, vendors, employees and the community. Delta seeks a mutually beneficial relationship with all our stakeholders and especially the neighborhoods in which we operate. We firmly believe that profitability and growth should lead to an improvement in the quality and livelihood of our employees, the broader community and our future generations. Delta gives the highest priority and commitment to better sustainable practices that will lead to a greener and healthier planet. Prior to embarking on this environmentally friendly journey, we established a clear strategy to inculcate into our corporate culture, clear and healthy business practices. As a result of our efforts, we have been successful in reducing carbon and water footprint, decrease our energy consumption, and lower our wastages. These actions besides supporting our sustainability drive have also helped reduce our costs, while improving our productivity. Our expansion strategy envisages a plan that will help balance economic growth while embedding a culture of sustainable development for the environment and community.

CAREERS & OPPORTUNITIES

As a member of the Delta family, you can look forward to a life of continuous learning, challenges and passion for excellence. This life style rests on the foundation stones of our values of honesty, Integrity, compassion, humility, accountability, ownership, learning and development. At Delta, we recognize the critical role that our people play in the success and growth of our businesses. It is the skill and initiative of our workforce that sets us apart from our peers in today's knowledge-driven economy. This realization that human resource development plays a key role in our vision of excellence has helped us make a commitment to each and every member's educational and training development. Development Programs are cautiously designed, executed and monitored to ascertain continuous learning and development of members. In-house training programs by local and international trainers are conducted on a regular basis to keep our team abreast with the latest developments in our industry. To supplement our training programs, we have invested in equipment and facilities that are amongst some of the most technologically advanced in the industry. In addition, our employees extensively travel overseas to attend workshops, seminars and other training courses.

We are always at your service.
CEO
